Re: QPL Product Evaluation, QPL2019038

Ms. Hahn,

The evaluation of Ultratech International's Ultra-Drain Guard, Economy Frame Model (Part Number: 8934) inlet protection manufactured for Ultratech International by ACF Environmental in Richmond, Virginia has been completed.

The documentation for your submitted product indicates that Ultratech International's Ultra-Drain Guard, Economy Frame Model (Part Number: 8934) inlet protection meets the minimum requirements of Section 8-01.3(9)D of the 2018 Washington State Department of Transportation Standard Specifications for Road, Bridge, and Municipal Construction (April 2019 Amendment) and has been added to the Qualified Products List (QPL). A copy of the listing, as found in the QPL, is enclosed.

The acceptance code for this product will be "3101". Acceptance code "3101" states to visually verify the product delivered to the job site is the product that was originally submitted by the Contractor and approved from the QPL. Note 'Restrictions' when present.

This information is available online at:
